The CPREP Program

This all day Saturday workshop will be focusing on learning the basic skills and principles of the Christian Prevention and Relationship Enhancement Program (CPREP.) This program is based on the Biblical Christian model of marriage with an integration of research on marriage and relationships.

The CPREP program teaches couples how to communicate effectively, work as a team to solve problems, and manage conflict without damaging closeness, and preserve and enhance love, commitment and friendship.

CPREP attempts to help couples reduce “risk” factors and enhance “positive” factors including the following topics: danger signs of future problems, gender differences, the Speaker/Listener technique, problem solving, ground rules for handling conflict, forgiveness, commitment, and how to preserve fun, friendship and sensuality.
